Melt Like Snow

Scott Krippayne

It's my favorite time of year
I'm counting down until you're here
When you're near me everything is fine
You're my winter holiday
Breaking up December gray
You've always got a way to make me smileLike the way I'm feeling had me reeling from the start
I won't fight the flurry you been stirring in my heartI melt like snow
In from the cold
Caught in the glow of who you are
I wanna stay
Next to your flame
Nothing's the same
Since you came
(And) here I go
I melt like snowYou're a star that's burning bright
Lighting up my Christmastime
No surprise I'm falling hard for you
Won't be saving no receipt
You're the gift I wanna keep
Can't believe a wish like you came trueI'm wrapping every moment
as we're walking hand in hand
You put all the wonder in this winter wonderlandRepeat ChorusLets take a picture
Underneath this evergreen
Maybe then you'll understand
What you do to meRepeat Chorus
