Thundering Voices

Rival Sons

Oh the pain of letting you know
Almost ? so I ? out
Oh ? everything that I know
They were just your words coming out of my mouthThundering voices loud and clear
(Oh oh oh)
Speaking the truth for all to hear
(Oh oh oh)
Thundering voices loud and clearHeartache in a wounded me(?)
?
Well a blind eye would never see
Pulling my strings just to please yourselfThundering voices loud and clear
(Oh oh oh)
Speaking the truth for all to hear
(Oh oh oh)
Thundering voices loud and clearLove knows no boundaries
No walls
No ?
We are landing
No lies
No deathThundering voices loud and clear
(Oh oh oh)
Speaking the truth for all to hear
(Oh oh oh)
Thundering voices loud and clear
(Oh oh oh)
Speaking the truth for all to hear
(Oh oh oh)
Thundering voices loud and clear
(Oh oh oh)
Speaking the truth for all to hear
