Beautiful Creatures

Ed Jordan & Alan Glass

All the beautiful creatures
That roam the African plains
All deserve their freedom
From man made guns and chains
It's time to make a difference
And be sure that they stay free
For future generations
That come from you and me

So let's join hands
As we walk towards our future
And together we can make a difference
Once and for all
Please understand
That we have to change this picture
Or else they'll be nothing left at all

Tell your brothers and sisters
To be grateful everyday
That we still share this plant
With the animals, trees and rain
So don't take it all for granted
Know how lucky it all will be
For future generations
That come from you and me

So let's join hands
As we walk towards our future
And together we can make a difference
Once and for all
Please understand
That we have to change this picture
Or else they'll be nothing left at all

So let's join hands
As we walk towards our future
And together we can make a difference
Once and for all
Please understand
That we have to change this picture

Or else they'll be nothing left at all
Or else they'll be nothing left at all
