Caligula

Svart Crown

Hush the neighbors hear you moanin and groanin
But I just can't help it specially when we be bonin
"I can take you fears away"
I could not believe it
Hey what's your name?
Beau doh doh dah
He's something like my favorite movie
Beau doh doh dah
I wanna see him again and again
Beau doh doh dah
He's like my disco - He's really groovy
Beau doh doh dah
When we go out I'm gonna let him inHe wanna fight and make me feel like nothing
Never lovin but we're always fuckin
"I can take you fears away"
But I kinda miss them now that they've gone astray
Hey what's your name?
Beau doh doh dah
He's something like my favorite movie
Beau doh doh dah
I wanna see him again and again
Beau doh doh dah
He's like my freight train - He's really move me
Beau doh doh dah
When we go out I'm gonna let him in
Beau doh doh dah
He's something like my 7 eleven
Beau doh doh dah
He got me open like an all night store
Beau doh doh dah
He's like my blue sky - he's next to heaven
Beau doh doh dah
He give me some and then I want some moreI could not believe it
Hey what's your name?
Beau doh doh dah
He's something like my favorite movie
Beau doh doh dah
I wanna see him again and again
Beau doh doh dah

He's like my disco - He's really groovy
Beau doh doh dah
When we go out I'm gonna let him in
