## Svart Crown

Hush the neighbors hear you moanin and groanin  
But I just can't help it specially when we be bonin  
"I can take you fears away"  
I could not believe it  
Hey what's your name?  
Beau doh doh dah  
He's something like my favorite movie  
Beau doh doh dah  
I wanna see him again and again  
Beau doh doh dah  
He's like my disco - He's really groovy  
Beau doh doh dah  
When we go out I'm gonna let him in  
He wanna fight and make me feel like nothing  
Never lovin but we're always fuckin  
"I can take you fears away"  
But I kinda miss them now that they've gone astray  
Hey what's your name?  
Beau doh doh dah  
He's something like my favorite movie  
Beau doh doh dah  
I wanna see him again and again  
Beau doh doh dah  
He's like my freight train - He's really move me  
Beau doh doh dah  
When we go out I'm gonna let him in  
Beau doh doh dah  
He's something like my 7 eleven  
Beau doh doh dah  
He got me open like an all night store  
Beau doh doh dah  
He's like my blue sky - he's next to heaven  
Beau doh doh dah  
He give me some and then I want some more  
I could not believe it  
Hey what's your name?  
Beau doh doh dah  
He's something like my favorite movie  
Beau doh doh dah  
I wanna see him again and again  
Beau doh doh dah

He's like my disco - He's really groovy  
Beau doh doh dah  
When we go out I'm gonna let him in
