

Eat The Meek (Dub Mix)

NOFX

[Chorus:]

why musedd oui stay wear wee don't bee longe
why musedd oui stay wear wee don't bee longeBecause there's never gonna be enough space
So eat the meek, enjoy the waste
It's always gonna be a delicacy
Lick your chops and eat the meek[Chorus]The factory mass produced fear, bottled,
Capped, distributed near and far
Sold for a reasonable price
And the people, they love it, they feed it
Brush with it, bathe with it, breathe it
Inject it direct to the blood
It seems to be replacing love[Chorus]Because there's always gonna be token truth
Forgotten code discarded youth
You know there's always gonna be pedigree
One own the air one pay to breathe[Chorus]
