

# 2nd 2no 1 (Feat. Shaggy 2 Dope)

## Twiztid

Just understand this. We ain't second to no one.  
Psychopathic has been and always will be number one.  
Twiztid in this bitch. 2 Dope in this bitch. Yo momma in this bitch.  
Yo momma's momma's great grannies momma's up in this bitch. YEAAHHHHHH! Like Stevie  
I make em wonder why they're staring out their eyes but they still can't see me  
I'm on your mind like a beanie  
Blessed by the son of a fiend through a cassette and a CD  
So many wish like a genie  
That I would just go away but I'm everywhere like graffiti  
I want it all a lot of peace and green  
Wanna increase everything while I'm here and my heart is beating  
Shooting for the stars is easy  
It's not falling apart when you are one believe me  
I'm so far from the cheesy  
But I'm sharp keep the cheddar and the blueprint parked in the same place  
Like a new whip in the dark so when I'm through with leaving a mark and abusing anything from music to  
making movies  
You can start feeling like you're the first one to do it but for now we're the only ones that see through it  
(Yeah!)  
All I need is one night  
One Night  
One stage  
All I got is one life  
One story  
It won't change  
From the moonlight straight to the sun  
I ain't second to none  
Make it clear like the weight of a gun  
I ain't second to none  
Second to none and  
First to myself I'm  
Bitter for always being eleventh or twelfth and  
Tired of doing shit for the sake of my health while  
Watching these fat cat's states double in wealth and  
Telling me lucky if another record sell  
Cause the economy got us all headin' straight to hell well  
CDs are destined for landfills  
Cause the music industry indecisive in a comatose standstill  
The media say we're too sick for the air waves

Hoping we clean it up and suck somebody dick for air play  
We old school not the next gen rappers  
Self absorbed and full of shit just like some pampers  
Dumb bastards to yourself you're a hazard  
And you wonder why your book only consists of one chapter  
Short lived like careers and my patience  
So close to my last supper I can almost taste it  
(Sing it!)  
All I need is one night  
One Night  
One stage  
All I got is one life  
One story  
It won't change  
From the moonlight straight to the sun  
I ain't second to none  
Make it clear like the weight of a gun  
I ain't second to none I'm the Peyton to the Manning, the greatest one in your family  
Hope you understand that I'm never here for the grammy  
Even though I've hit the radio and deed the valley  
They'll never give me the time of day cause I don't keep it swaggy  
Maybe if I change my everything to make them happy  
I could fade away like the rest of the people they've enchanted  
And granted I'm getting blazed and living lavish  
I knew it from the beginning that this isn't what I'm after  
Please release me if I'm captured  
That means I'm going backwards  
And kissing many asses to get a track heard  
Instead I keep my back turned  
Middle fingers is the answer  
The media Industry's nothing but cancer  
All I need is one night  
One Night  
One stage  
All I got is one life  
One story  
It won't change  
From the moonlight straight to the sun  
I ain't second to none  
Make it clear like the weight of a gun  
I ain't second to none
