

# Victory

## Headstone Epitaph

[Some people and/or nations look at wars or manoeuvres during peaceful times as being a great adventure or game.]

There's a haze upon the water  
And the smoke, it hides the land  
A full moon is shining  
And it's time to take a stand  
We'll come,  
We'll see,  
We'll take the victory  
One night in hell,  
Then all is well  
We'll come,  
We'll see,  
We'll take the victory  
One night in hell,  
Then all is well  
Then you see the torture  
Could it be a crime?  
This humiliating justice  
Puts indifference in their minds  
We'll come,  
We'll see,  
We'll take the victory  
One night in hell,  
Then all is well  
We'll come,  
We'll see,  
We'll take the victory  
One night in hell,  
Then all is well  
Tear down the houses,  
Burn down the fields  
The wind blows the ashes  
Over the hills  
We'll come,  
We'll see,  
We'll take the victory  
One night in hell,  
Then all is well  
We'll come,  
We'll see,  
We'll take the victory  
One night in hell,  
Then all is well
