

Grammercy Park Hotel

Ben Lee

I know you feel pretty beat
You're wanting to sleep
I know your eyes getting sore
You've been up since threeThe time's come to sleep
If you wanna crash out
So if you wanna crash out
Don't feel I'm keeping you upI know you're near dead
I won't be waking you up
That's best left unsaid
The time's come to sleepSo if you wanna crash out
So if you wanna crash out
I'll let you sleep
If you wanna crash out
