Rocksteady

Remy Shand

Tell me how, baby, could it open my eyes
For a night, it took me by surprise
Oh what you said to meLove me do
Whatever you want back darlin won't be good
That is why I woke and cried outRocksteady can't break my world
Nobody's gonna ever think twice
Oh how I, how I often cry
Rocksteady can't can't make that change
Nobody's ever gonna re-arrange
As time moves slippin' fast
Love just won't become youNow my mind baby
My mind is free
Oh you played it hard lady
So hard and deep
Oh what you said to meLove me do
Whatever you want back darlin won't be good
That is why I woke and cried outRocksteady can't break my world
Nobody's gonna ever think twice
Oh how I, how I often cry
Rocksteady can't can't make that change
Nobody's ever gonna re-arrange
As time moves slippin' fast
Love just won't become youRocksteady can't break my world
Nobody's gonna ever think twice
Oh how I, how I often cry
Rocksteady can't can't make that change
Nobody's ever gonna re-arrange
As time moves slippin' fast
Love just won't become you
