Party In The CIA

"Weird Al" Yankovic

I moved out to Langley recently
With a plain and simple dream
Wanna infiltrate some third-world place
And topple their regimeThose men in black with their matching suitcases
Where everything's on a need-to-know basis
Agents got that swagger
Everyone so cloak and daggerI'm feelin' nervous but I'm really kinda wishing
For an undercover missionThat's when the red alert came on the radio
And I put my earpiece on
Got my dark sunglasses on
And I had my weapon drawnSo I get my handcuffs
My cyanide pills
My classified dossierTappin' the phones like yeah
Shreddin' the files like yeah
And then I rised all the enemy spies
I've got to neutralize todayYeah, it's a party in the CIA
Yeah, it's a party in the CIAI've done a couple of crazy things
That have almost gotten me dismissed
Like terminate some head of state
Who wasn't even on my listBurn that microfilm buddy, will you
I'd tell you why but then I'd have to kill you
You need a quickie confession?
Well, start a water boarding sessionNo hurry on the south American dictator
I'll assassinate him later
That's when he walked right in my laser sights
And my silencer was on and my silencer was on
And another target's goneYeah, we've got our black ops all over the world
From Kazakhstan to Bombay
Payin' the bribes like yeah
Pluggin' the leaks like yeah
Interrogating the scum of the earth
We'll break them by the break of day!Yeah, it's a party in the CIA
Yeah, it's a party in the CIANeed a country to stabilize? (stabilize)
Look no further, we're your guys (we're your guys)
We've got snazzy suits and ties (suits and ties)
And a better dental plan than the FBI'sBetter put your hands up and get in the van
Or else you'll get blown away
Stagin' a coup like yeah
Brainwashin' moles like yeah,

We only torture the folks we don't like
You're probably going to be OKYeah, it's a party in the CIA
Yeah, it's a party in the CIA
