

# Love Again

Ashanti

I got somebody all that  
He just got me feeling crazy  
He really, really did his thang  
I think I fell in love again You came into my world and taught me things  
And I can't lie 'cause boy, you did your thang  
Feel like I'm floating when I hear your name  
I think you made me fall in love again I know it could be done like this  
A simple touch could feel just like a kiss  
And when you put your hands in certain places  
Boy, I can't help but make them silly faces  
'Cause what you doing to me should be a sin  
It feels so good that I can barely hold it in, boy you You came into my world and taught me things  
And I can't lie 'cause boy, you did your thang  
Feel like I'm floating when I hear your name  
I think you made me fall in love again I love to feel your heartbeat next to mine  
It always seems to heat me up inside  
It's crazy how we work up such a sweat  
And I ain't never had it better since  
'Cause what you doing to me should be a sin  
It feels so good that I can barely hold it in, boy you You came into my world and taught me things  
And I can't lie 'cause boy, you did your thang  
Feel like I'm floating when I hear your name  
I think you made me fall in love again You stay on my mind 'cause  
Boy, I just can't find no one to do them things that you do  
Ever since you came into my You came into my world and taught me things  
And I can't lie 'cause boy, you did your thang  
Feel like I'm floating when I hear your name  
I think you made me fall in love again You came into my world and taught me things  
And I can't lie 'cause boy, you did your thang  
Feel like I'm floating when I hear your name  
I think you made me fall in love again
