When I shadow box inside my skull  
Bothered by the senselessness  
I wish for the Messiah  
Indian woman, Babylon  
There is one thing I will say on life we are livin', yeah  
Let it flow 'cause it won't stop  
And when the kind consciousness come unto you  
You will know and it won't stop  
When I wipe the sleep from my eyes  
Will my fondest dream please come true  
Crush my heart with a hammer  
Make a purer one Babylon  
There is one thing I will say on life we are livin', yeah  
Let it flow 'cause it won't stop  
And when the kind consciousness come unto you  
You will know and it won't stop
