Luau

APM Hawaiian Players

Failures in outer space, failures and crimes
Let's get something straight, s'not for mine
Before you were born, after you die
Failures in outer space, failures and crimesIt's depth, whatever it's worth
It's in the unit to measure the curse
It's in the setup, yeah, it's built in
Whatever the get up, yeah, it's built in
Wait till the rub out, wait till the purge
Wipe the last a hole the fuck off our turfAloha, aloha, suit up
Luau, luau, luau, luauKill off the tourist and we'll all sleep sound
Cash in their fillings and blow it in town
We'll blow it on rifles, we'll blow it on drinks
Head in the corner, head in the sink
