Oblivion (feat. Duncan)

Dvn

My whole world came crashing down, turned into dust, since you up and left me. I can't love the way I used to. My heart's gone into oblivion.

I can't love the way I use-

Oh I can't get back what I lost, I'm crushed into oblivion.

So I just carry on, bury the thought of you, act like it doesn't hurt. Even though I just can't let you go, got my soul trapped just like it's your prisoner. I know you still think about me, don't front and act like you don't do the same. And I wish I played bad - I broke all the rules to your game.

My whole world came crashing down, turned into dust, since you up and left me. I can't love the way I used to. My heart's gone into oblivion.

Oh I can't get back what I lost, I'm crushed into oblivion, oblivion, oblivion.

I can't love the way I use-

Oblivion.
