Saddest Day

Letta Mbulu

The saddest day of my life
The saddest day of my life
The saddest day of my life
The saddest day of my life
Is when she left me with a broken heart
I was feeling the pain, the pain, the pain
The saddest day in my life
Is when she left me with a broken heart
I was going insane, yes
Try to erase, all the memories
They're the ones they gon' see
If I could forget, all about the past
How long will this go on?
The saddest day in my life
Is when she left me with a broken heart
I was feeling the pain, the pain, the pain
The saddest day in my life
Is when she left me with a broken heart
I was going insane, I
I wish that my thoughts could rewind the hands of time
Then we would be so happy
What if my dreams never meant to be
Then I'd be living in misery, girl
The saddest day in my life
Is when she left me with a broken heart

I was feeling the pain, oh
The saddest day in my life
Is when she left me with a broken heart
I was going insane, I
Broken heart is hard to mend
I'll be your lover, I'll be your friend
To every start there is an end
I wanna be forever, baby
The saddest day in my life
Is when she left me with a broken heart
I was feeling the pain, oh baby
The saddest day in my life
Is when she left me with a broken heart

I was going insane, I
I know you erase all the memories
They're the ones they gon' see
If I could forget, all about the past
How long will this go on?
Yes, the saddest day is my life
Is when she left me with a broken heart
I was feeling the pain, oh baby
The saddest day in my life
Is when she left me with a broken heart
I was going insane
