You & I

Marsha Ambrosius

You and I
Can we get together now?
You and I
Let's make this forever, nowKnown each other for so many years
Counting cool and we were best of friends (best of friends)
You were my shoulder to cry on when it all ended
(Find your love somehow, find your love somehow)
Lost your number, I moved out of town
Came on back to see if you're around
Need to find your love some way, somehow
(Find your love somehow, find your love somehow)You and I
Can we get together now?
You and I
Let's make this forever, now (babe, babe)Hope you still the same as when I left
Still remember the first time we kissed
You left an impression on my heart I won't forget
(No I won't forget) No I won't forget
Ran into your mother at the station (station)
She showed me the wedding invitation
I am praying that it's not too late
(Pray it's not too late, pray it's not too late for)You and I
Can we get together now?
You and I
Let's make this forever, nowHate and love, hate and love
I love you, ooh, I love you boy
I want your love
I need your love (I need your love)
Need your loveHate and love, hate and love
I love you, ooh, I love you boy
I want your love
I need your love (I need your love)
Need your loveHate and love, hate and love
I love you, ooh, I love you boy
I want your love
I need your love
I need your loveHate and love, hate and love
I love you, ooh, I love you boy
I want your love
I need your love

I needYou and I
Can we get together now? (Now)
You and I
Let's make this forever, nowBaby, love, hate and love
I need you
I need you
I need your love
I need your loveBaby
