

That Sure Ain't Right

The Datsuns

Hurry up and wait, stand in line
Well, I got better things to do with my time
Hold my hand just for tonight
For thats the done thing for kids our age right Well, that sure ain't cute so I'm gonna turn away
(My, my, my my baby)
Sure ain't cute so I'm gonna turn away
(My, my, my my baby)
Sure ain't cute, it sure ain't right
So out of touch, I keep out of sight
'Cause it can't and it won't and it can't Stop the mechanism, start up the works
From the top of the stairs to the cellar it lurks
Hold my hand just for tonight
For thats the done thing for kids our age right Well, that sure ain't cute so I'm gonna turn away
(My, my, my my baby)
Sure ain't cute so I'm gonna turn away
(My, my, my my baby)
Sure ain't cute, it sure ain't right
So out of touch, I keep out of sight
'Cause it can't and it won't and it can't stop
Oh, no, no Hey, liked your smile
You dont know about fashion
But you know about style
Oh, its a sin, how you gave it up
How you let them win I'm sorry I dont mean to pry
I've sucked the conversation dry
'Cause it can't and it won't and it can't stop Well, that sure ain't cute so I'm gonna turn away
(My, my, my my baby)
Sure ain't cute so I'm gonna turn away
(My, my, my my baby) That sure ain't cute so I'm gonna turn away
(My, my, my my baby)
Sure ain't cute so I'm gonna turn away
(My, my, my my baby)
