Ain't All Bad

Fantasia

Today's no cares, no tears,
I pray that this means I'm over you,
My, my, my, please God say it's true.
I don't wanna live in fear,
Of spending my life without you,
I told you bye, bye, bye,
I swear I really mean it.
The memories flowing through my head
Maybe I should take back what I said.'Cause it ain't all bad when you're around,
But it ain't all bad all by myself,
Treated me so bad I put you down
I guess it's just my life turning back to back.
Let it go, even though I want you
Let it go, I don't really need you.
Let me know,
Falling out of love, ain't all bad.I think that I made a bad call
When I decided to give you my all,
Yeah, over and over and over and again.Now I feel the tears screaming down my face,
But this crying eyes, they will never change,
Bet I want you gone bye-bye,
I swear I really mean it thoughThe memories flow through my head
Maybe I should take back what I said.'Cause it ain't all bad when you're around,
But it ain't all bad all by myself,
Treated me so bad I put you down
I guess it's just my life turning back to back.
Let it go, even though I want you
Let it go, I don't really need you.
Let me know,
Falling out of love, ain't all bad.I tell you it ain't all bad
'Cause now u don't have to cry n more
I don't have to hurt no moreUsed to think I never,
Never ever ever let you go
Now I know better, feeling like it's best I let you go.
One time for the time, that you told 'em you won't let 'em go
Two times you broke my heart but not no more, now I'm walking out the door.'Cause it ain't all bad when you're around,
But it ain't all bad all by myself,
Treated me so bad I put you down
I guess it's just my life turning back to back.

Let it go, even though I want you
Let it go, I don't really need you.
Let me know,
Falling out of love, ain't all bad.'Cause it ain't all bad when you're around,
But it ain't all bad all by myself,
Treated me so bad I put you down
I guess it's just my life turning back to back.
Let it go, even though I want you
Let it go, I don't really need you.
Let me know,
Falling out of love, ain't all bad.
