Don't fuck with me,
Don't fuck with me
Since you shipped my eyes off to sea
I never knew where i was going
I went where the water was flowing
Chorus:
I know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mine
The ship was the love of my life
We went down together that night
I surfaced and married Me
For years I just kissed her goodnight
Chorus:
I know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mine
So don't try and fuck me about
You're waste and you're on your way out, boss
Im startin to clock how u roll
I'm tired and about to get cold
Chorus:
I know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mine
Coda:
I know I've been gone a long time, but
I'm back and I want what is mine
I know I've been gone a long time, but
I'm back and I want what is mine
