

# Passion

Dionne Farris

Every thing's so crystal clear now  
All I needed was time  
Oh, every thing's so crystal clear now  
I've cleaned my mind Now the sky has opened  
There are no limits to this  
Let me feel the passion  
That I know exists when you're with me  
'Cause I can feel it when you look at me And baby, that's about the time  
Your lips touch mine  
Feels so good when we intertwine  
Like the motion of the ocean  
The feeling's like no other Passion, passion is with me  
Touch my heart, touch my soul  
Lead me into the light of a new day  
Touch my heart, touch my soul  
Lift me up into the wonder of ecstasy Well, I am here to explore  
Do as it pleases us  
And there'll be no resistance  
So come on in and let nature take it's course  
This is what we've been waiting for And baby, that's about the time  
Your lips touch mine  
Feels so good when we intertwine  
Like the motion of the ocean  
The feeling's like no other Passion, passion is  
Passion, passion is, is with Come on, come on, come on, come on  
[Incomprehensible] Now, now that's about the time  
Your lips touch mine  
It feels so good  
That's about the time  
Your lips touch mine  
It feels so good Passion  
Every thing's so crystal clear  
Passion  
You know in me Passion  
Passion  
Passion  
You know in me You to [Incomprehensible]  
Passion is with me
