## Rocket from the Crypt

There's a girl on my pillow
Starin' at me with those baby blues
And she's whisperin' sweet nothings
And now they don't mean nothin'School ain't shit, I read it in a book
School ain't shit, I read it in a bookI told you once, told you twice
Get off mineNever again, my God
Never again, my GodThere's a girl on my pillow
Starin' at me with those baby blues
And she's whisperin' sweet nothings
And now they don't mean nothin'School ain't shit, I read it in a book
School ain't shit, I read it in a bookI told you once, told you twice
Get off mineNever again, my God
Never again, my God
