

OK

Riddlin' Kids

I don't know I don't care, cause all we ever do is fight
And, I relize it's the end but that's all right.

I never understood.
Never tried to save the day.
I never got the chance.
Everything will be okay.

Everything is gonna be okay.
Everything is gonna be okay.
Well, I guess there's nothing left to say.
Everything is gonna be okay.

I could try to fight, but the words aren't really there.
And, I promise you you're asking me and I don't care.

I never understood.
Never tried to make a change.
I never got the chance.
Everything will be okay.

Everything is gonna be okay.
Everything is gonna be okay.
Well, I guess there's nothing left to say.
Everything is gonna be okay.

Now I know that everything is gonna be okay.
Now I know that everything is gonna be okay.
Now I know that everything is gonna be okay.
Now I know that everything is gonna be okay.

Everything is gonna be okay.
Everything is gonna be okay.
Well, I guess there's nothing left to say.
Everything is gonna be okay.
