Love You With the Truth

Casting Crowns

For the longest time, I believed the lie
That I'm not a strong enough believer
To be the friend that can take your hand
And lead you straight to Jesus
I'm waiting on the preachers, singers, and the teachers
To string the perfect words together
But every single time I have to say goodbye
I wonder will this be the last timeI can't call myself your friend and walk awayWhen we love, we earn the right to speak the truth
When we speak truth, we show the world we truly love
I'm not pointing my finger, I'm holding out my hand
I lay it all on the line now to see God save my friend
Let my life and my words be the proof
I'm gonna love you with the truth (Oh)
Gonna love you with the truth (Oh)Yes, God is love, but God is just
And we are separated in our darkness
So God let Him who knew no sin
To become sin to make us right with Him
It's not about religion or earning God's forgiveness
Or magic prayers or new behaviour
It's all about your heart, He'll meet you where you are
Turn from your sin and trust in Christ as LordJesus is the truth, the life, the wayWhen we love, we earn the right to speak the truth
When we speak truth, we show the world we truly love
I'm not pointing my finger, I'm holding out my hand
I lay it all on the line now to see God save my friend
Let my life and my words be the proof
I'm gonna love you with the truth (Oh)
Gonna love you with the truth (Oh)How I've prayed for this moment, that you would finally see
That God is more than religion, a stained-glass fantasy
And how I've prayed for the courage, for my silent faith to speak
Or that God would just send you a better friend than meWhen we love, we earn the right to speak the truth
When we speak truth, we show the world we truly love
I'm not pointing my finger, I'm holding out my hand
I lay it all on the line now to see God save my friend
Let my life and my words be the proof
I'm gonna love you with the truth (Oh)
Gonna love you with the truth (Oh)Oh
Oh
