

# Hell Shovel

## Cutthroat Shamrock

whoa-o-ho  
yeah-hahaha  
whoa-o-ho

it's about as useful as a shovel down in hell  
only played it on the table boys, it's time to pay the bill  
it's about as useful as a shovel down in hell  
only played it on the table boys, it's time to pay the bill  
well the pints have gone and I'm out on the run  
and I'm lookin' for a place to lay my head

not a soul for miles and I've ---- through the trails  
my whiskey breath in the wind

oh whatcha gonna do?  
when your drink is all gone now

whatcha gonna do?  
when you're left all alone now

whatcha gonna do?  
when you're out in the cold now

whatcha gonna do?  
whatcha gonna do?  
whatcha gonna do?

whoa-ho-o-ho

it's about as useful as a shovel down in hell  
only played it on the table boys, it's time to pay the bill  
it's about as useful as a shovel down in hell  
only played it on the table boys, it's time to pay the bill  
(fight!)

face is weathered through, I've got holes down in my boots  
my trail of crumbs i've done and gone and lost  
a stench of brimstone all around throw my plate down, my empty belly paid the cost

whatcha gonna do?

when your days are growin' old now

whatcha gonna do?  
when your boots have worn soles now

whatcha gonna do?  
when your bread is growin' mold now

oh whatcha gonna do?  
whatcha gonna do?  
whatcha gonna do?

whoa-ho-o-ho

whatcha gonna do?  
when you smoked your last bowl now

whatcha gonna do?  
you're not just goin' dull now

whatcha gonna do?  
when your belly's not full now

whatcha gonna do? (x15)
