Dark Side of Your Room

[All Time Low](#)

This moment feels like an echo
We've done this dance a thousand times
You say that I need a refill
And twist me up til we blur the linesOh
Girl you make a fool of my heart
Oh
You don't know what you do to meWith nights like these, who needs the days?
I'll shut my eyes and sleep them away
I'm on the dark side of your room
With the notches on your bedpost
With friends like you, who needs friends?
I shut my mouth and we do it all again
I'm on the dark side of your room
With the notches on your bedpost
With the notches on yourThis seems so complicated
Are these your friends, or are they mine?
They love having you stir me up, up
And leave me burning like the LA fightOh
Girl you make a fool of my heart
Oh
You don't know what you do to me
Do to me, do to meWith nights like these, who needs the days?
I'll shut my eyes and sleep them away
I'm on the dark side of your room
With the notches on your bedpost
With friends like you, who needs friends?
I shut my mouth and we do it all again
I'm on the dark side of your room
With the notches on your bedpostWith the notches on your bedpost
With the notches on your bedpostOh
Girl you make a fool of my heart
Oh
You don't know what you do to me in the darkWith nights like these, who needs the days?
I'll shut my eyes and sleep them away
I'm on the dark side of your room
With the notches on your bedpost
With friends like you, who needs friends?
I shut my mouth and we do it all again
I'm on the dark side of your room

With the notches on your bedpost
With the notches on your bedpost(With friends like you, who needs friends?
I shut my mouth and we do it all again
I'm on the dark side of you room
With the notches on your bedpost)
With the notches on your bedpost
