

# The Doubter's Glass

## The Bogmen

Advisory - the following lyrics contain explicit language:

Color blast the beautiful  
I feel antsy and political  
Always doubt the cynical  
They want to ruin the worldThe air is so polluted  
Like Poseidon's halitosis  
All the bellies that are blowing it  
Whose necks are hung with pearlsThe time of our arrival  
Is key to our survival  
And I have not yet been bitten  
By the flies of pessimism, 'mismCastigate the criminals  
Bury the subliminal  
The overflow of undertow  
Has got us by the ballsBut I don't care about negative  
Still it sells but doesn't sacrifice  
Why should we all pay the price  
To build these prison walls?The time of our arrival  
Is key to our survival  
And I have not yet been bitten  
And the doubter's glass is filled up, filled upSay hello to sunshine  
Say hello to sunshine  
Say hello to sunshine  
Gimme little moonshineSay hello to sunshine  
Say hello to sunshine  
Say hello to sunshine  
Say hello to sunshineSay hello to sunshine  
Say hello to sunshine  
Say hello to sunshine  
Shoot anything that crawls
