One Step Ahead

Squad Five-O

One step ahead.Striving forward never looking back.Reaching for the goal that's within my grasp.In my life You give me the strength to carry on.One step ahead, of the evil that surrounds me. And I will not fall behind.And they'll never overcome me.Cause I'm never gonna die.Because of You.One step ahead.Your knowledge overcomes me.Filling my mind showing me what I need to be.In my life you give me the strength to carry on.
