

# Push

## Olive

Like what you see  
Love what you hear  
Smile when you feel  
My foolish tear I'll break my silence now  
Hold back my pride  
I'll stake my claim on this  
In me I'll confide Will you leave before the dawn  
(Please tell me)  
Will I push or do you fall  
(Don't make me)  
With the time you've had to learn  
(Please tell me)  
Some respect is all you'll earn Try as I might  
I've seen no light  
Must I believe in this  
You feed on greed Sometimes I fight myself  
Question my mind  
Then I remember you  
Boasting your find Will you leave before the dawn  
(Please tell me)  
Will I push or do you fall  
(Don't make me)  
With the time you've had to learn  
(Please tell me)  
Some respect is all you'll earn  
Some respect is all you'll earn I'll break my silence now  
What's there to hide  
I'll stake my claim on this  
Proof that you've lied Will you leave before the dawn  
(Please tell me)  
Will I push or do you fall  
(Don't make me)  
With the time you've had to learn  
(Please tell me)  
Some respect is all you'll earn (Please tell me)  
(Don't make me)  
(Please tell me)  
(Don't make me)
