

With All My Heart

Dream Street

Late at night awake and alone
I count the stars in the sky
Every cloud that rolls by and I
Think of you
I whisper
I wish
With everything that I am
I'll do all that I can 'Cause baby I
I just want you to see that
Baby you
Mean the whole world to me It's alright
When I see the love in your eyes
All that I want to do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you
Right from the start
With all my heart I can't believe what's happened to me
You stepped right out of my dream
Like nothing I'd ever seen
And I will love you for the rest of my life
Till forever is gone
You'll be the one 'Cause baby I
Never thought I would say that
Baby you
Are my night and my day It's alright
When I see the love in your eyes
All that I want to do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you
Right from the start
With all my heart I know I'll be strong (I'll be strong I'll be strong baby)
With you in my heart (I want you in my heart)
Heaven brought us here together
We belong like this forever It's alright
When I see the love in your eyes

All that I want to do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you
Right from the start
With all my heart It's alright
When I see the love in your eyes
All that I want to do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you
Right from the start
With all my heart With all my heart
With all my heart (Whoa whoa oh oh)
With all my heart
