## Justin Bieber

Let me tell you a story  
About a girl and a boy  
He fell in love with his best friend  
And when she's around he feels nothing but joy  
But she was already broken  
And it made her blind  
She can't ever believe that love will treat her right  
Did you know that I loved you?  
Well you're not aware  
Well you're the smile on my face  
But that ain't going nowhere  
If it'll make you happy  
Here see you smile but I've been wanting to tell you this for a long while  
Who's gonna make you fall  
In love  
I know you got your wall  
Wrapped all the way around your heart  
Don't have to be scared at all  
Of my love  
But you can't fly unless you let your  
You can't fly unless you let yourself fall  
Well I can tell you're afraid of  
What this might do  
Cuz we got to turn the maze in friendship and that you don't wanna lose  
But I don't wanna lose it either  
But I don't think I can stand sitting around while you're hurting baby  
So take my hand  
Well did you know you're an angel  
Come from God out of line  
Did you know that it breaks my heart every time to see you cry  
Cuz I know that a piece of you's gone every time you're done wrong  
I'm the shoulder you're crying on  
And I hope by the time that I'm done with this song I'll have figured out  
What's gonna make you fall  
In love  
I know you got your wall  
Wrapped all the way around your heart  
Don't have to be scared at all  
Of my love  
But you can't fly unless you let your  
You can't fly unless you let yourself fall  
I will catch you if you fall  
Well I will catch you if you fall  
And if you spread your wings  
You can fly away with me  
But you can't fly unless you let your  
You can't fly unless you let yourself fall  
In love  
I know you got your wall

Wrapped all the way around your heart  
Don't have to be scared at all  
Of my love  
But you can't fly unless you let your  
Let yourself fall  
oh baby
