

# Home for The Holidays

Derlee

It's here, the time of year we get to celebrate  
All together once again and it doesn't matter  
How far wherever we are we always find a way  
To get back to all the family and friends I'm gonna be home for the holidays  
To the place I know, it's my heart and soul  
I'm coming home and I can't wait  
Yeah, I'm gonna be home for the holidays Yeah, my hometown, my friends around  
It's what I really missed, yeah  
And all the good times that we shared  
And even though I know I've been gone for way too long  
Coming back is the best  
I'm getting close I'm almost there I'm gonna be home for the holidays  
To the place I know, it's my heart and soul  
I'm coming home and I can't wait  
Yeah, I'm gonna be home for the holidays To the place that I remember always and forever in my heart  
We can celebrate from November to December  
Yes, I'm gonna be home, I'm gonna be  
I'm gonna be home for the year  
Yeah, I'm gonna be home, I'm gonna be there soon as I'm gonna be home for the holidays  
To the place I know it's my heart and soul  
I'm coming home and I can't wait  
Yeah, I'm gonna be home for the holidays  
For the holidays Just where I belong and I've been gone too long  
I'm coming home and I can't wait  
Yeah, I'm gonna be home, I'm gonna be  
Yes, I'm gonna be home for the holidays
