

# Brick by Brick

## Opposition Rising

I want to build you up, brick by brick  
I want to break you down, brick by brick  
I'm going to reconstruct, brick by brick  
    I want to feel you love  
        Brick by brick  
        Brick by brick  
I want to steal your soul, brick by brick  
I want to rock and roll, brick by brick  
I want to rock and roll, brick by brick  
    I want to rock and roll  
        Brick by brick  
        Brick by brick  
I want a brick by brick, brick by brick  
I wanna blow wide berth, brick by brick  
I wanna melt this soul, brick by brick  
I wanna brick by brick, by brick, by  
    Brick by brick  
    Brick by brick  
    Brick by brick  
    Brick by brick
