

Paradise (Richie Santana Club Mix)

Kaci

Could it be the little things you do to me
Feelings that I'm feeling are so new to me
I'm going through so many changes
Nothing ever felt as strange
As how my heart goes crazy when you look at me When I'm with you it's paradise
No place on earth could feel so nice
Through the crystal waterfall I hear you call
Just take my hand it's paradise You kiss me once, I'll kiss you twice
As I gaze into your eyes, I realize it's paradise
Ooh yeah Now I know the sweetest dreams can all come true
'Cuz I found heaven here on earth when I found you
It's nothing I can ever make up, oh I hope I never wake up
Just to find this isn't true reality When I'm with you, it's paradise
No place on earth could feel so nice
Through the crystal waterfall I hear you call Just take my hand, it's paradise
You kiss me once, I'll kiss you twice
As I gaze into your eyes, I realize it's paradise
Ooh yeah The world around us disappears without a trace
Telling me that I have found the perfect place
Let us stay this way forever deep in love
And may I never spend another day without you close to me Oh paradise
Yeah, yeah, yeah, yeah, yeah
Oh Just take my hand, it's paradise
You kiss me once, I'll kiss you twice
As I gaze into your eyes, I realize it's paradise Just take my hand, it's paradise
You kiss me once I'll kiss you twice
As I gaze into your eyes, I realize it's paradise
As I gaze into your eyes, I realize it's paradise
Oh yeah, oh, it's paradise, oh
