Everytime I make a jam, make you wanna say, "Daaam!" E-Swift, test the rocket launcher, let's blow up the spot

 Show 'em what we got for the ninety-flow shot

 I'm the brown bomber droppin' verbal scuds

 I write rhymes while my momma peel the skin off the spuds

 This ain't baseball, naw, the Liks won't slump

So make room for the crew with beats the jump Yo, I'm the baddest man with a hit since Willie Mays

 I'm playin' for the A's, O.G. was right 'cause rhyme pays

 I walk through a rainstorm, I didn't even get wet

I was bailing through Hell, I didn't even bust a sweat So you must have a locomotive, I mean a crazy reason

 To wanna step up, it's sucker punk season

 Bring it on young one, so you can get done

 I got mo' styles than the miles to the sun

 Ninety-three million, five thousand flows

 I'm from the crew that sets it off by sprayin' beer in your face

 So the ninety-four to them for my niggaz that remember

 Means I'm steppin' to the mic with lyrics colder than December

 The liquidator with the hardcore demanor's

 Bustin' out the perpetrators, I see through 'em like a Zima

 So I'm never caught between a hard place and a rock

'Cause I kill rhyme bandits bare handed like Mr. Spock I told chief not to start no beef

 He tried to shoot me with his gun, I caught the bullet with my teeth

 'Cause I'm stronger than the bull that's on the Schlitz Malt Liquor

Hittin' up your cities with the Alkaholik sticker

'Cause I feel like bustin' loose

It's the wicked pain inflictor with the Mickey's deuce deuceDroppin' rhymes like a boulder on the twenty-one
and older

That's what your momma with my picture tattooed on her shoulder

So rap artists, "Get ready to rumble!"

'Cause I got lyrics up my sleeve that slam harder than Mutumbo

I make the ladies say, "Make money, money!"

I used to have a curl but I cut my shit real low

'Cause every weekend I had a spin on the pillow

Watts, Willabrooke, even shook, when I took

A fresh-ass hook out my notebookDan na dah, dan na dah, I love sports

I even watch soccer and the girls on the tennis courts

You try to tackle me, you couldn't make me fall

'Cause I been movin' ahead since the day I learned to crawl

Y'all, aww shit, let me make a wish

I wish all the punk MC's turn to fishSo I could just hook 'em, take 'em home and cook 'em

That's how I floss, yo pass the hot sauce

When I walk down the streets I leave my footprints in the concrete

'Cause I'm fat, meaning, I'm so complete

Like a freak on an elevator, I'ma fuck you up

It's the Ro with the inebriated flow

I hate to boast but I'm the host with most

And I'm ghost, here's a toast to my people's from coast to coastIt's like that
