Space Between

Sia

Never ending symptoms in my head
We lay hollow in the emptiness
I'm too tired to push you from the bedNo more fighting, no more fighting
No more fighting for usFeel the void in our bed
The space between is deafening
Oh, we don't bend or break it
The space between is deafening
The space between is deafeningNo one's moving, we lack the courage to
We lay in stalemate, wishing the other would
But we're too tired, we're at the ember's coreNo more fighting, there's no more fighting
There's no more fighting for usFeel the void in our bed
The space between is deafening
Oh, we don't bend or break it
The space between is deafeningNo more fighting, we've given up now
Silence has more than worth
Imagination cures loneliness
When you become a prisonerFeel the void in our bed
The space between is deafening
Oh, we don't bend or break it
The space between is deafening
