Lullaby

Niykee Heaton

(x3)
Lemme sing you a lullaby
Promise I won't stay the night
I just wanna make you feel something, somethingRed cup chilling, with my hands up
Killin it, I can't stop, sinning
But I'm winning, so lifted
I'ma take you there
I'ma take you there
Lips so pretty, when I lay low,
Pull up in your city,
With my bass low, can't go with me
I'ma take you there
I'ma take you there(x2)
Lemme sing you a lullaby
Promise I won't stay the night
I just wanna make you feel something, somethingCan't fuck with me, got my lane closed, shifting
Wearing plain clothes, shittin' on you lame hoes,
Simply tryina take you there
Lemme take you there
Hold up, hold up
Can't fuck with another
Can't touch, only wanna make you love
Baby lemme break you off
Tell me, lemme take you there
Lemme take you there(x2)
Lemme sing you a lullaby
Promise I won't stay the night
I just wanna make you feel something, somethingSo, baby turn the lights off
Lemme get inside your mind
To the right spot
Swear to god, oh, oh, ooh
Oh, oh, ooh
Baby turn the lights off
Lemme get inside your mind
To the right spot
Swear to god, oh, oh, ooh
Oh, oh, ooh(x2)
Lemme sing you a lullaby
Promise I won't stay the night

I just wanna make you feel something, something
