Little 15

Depeche Mode

Little 15 You help her forget The world outside You're not part of it yetAnd if you could drive You could drive her away To a happier place To a happier dayThat exists in your mind And in your smile She could escape there

Just for a while

Little 15Little 15

Why take the smooth with the rough

When things run smooth?

It's already more than enoughShe knows your mind

Is not yet in league

With the rest of the world

And its little intriguesDo you understand?

Do you know what she means?

As time goes by and when you've seen

What she's seen, you will

Little 15Little 15

Why does she have to defend

Her feelings inside?

Why pretend? She's not had her life

A life of near misses

Now all that she wants

Is 3 little wishesShe wants to see with your eyes

She wants to smile with your smile

She wants a nice surprise

Every once in a whileShe wants to see with your eyes

She wants to smile with your smile

She wants a nice surprise

Every once in a while

Little 15
