

I Believe, Help My Unbelief

Larnelle Harris

There I go doubting your word again
Will I ever learn just who You are
And here I am on and then off again
With a hope in You that doesn't go very far#1
I believe, Lord, help my unbelief
Give the vision that I may see
That I am safe in your care
I believe, Lord, help my unbelief
Won't You take every part of me
Heal my cry
Help my unbelief
All that I need to stay strong and whole
Is within my reach
Come what may
I pray for the wisdom to ask You this day
Let me hear the words that increase my faith

#2

I believe, Lord, help my unbelief
Give the vision that I may see
That I am safe in your care
Oh Lord, when I'm running ahead of You
When I'm trusting this world for truth
Remind me that You do what You say
And You're all that You claim

I believe, Lord, help my unbeliefRepeat #2Help my unbelief
