

# State Of Emergency

## Sacred Reich

Jailed and beaten left to die political prisoners of apartheid youth of the  
Nation violently oppressed in the quest for freedom thousands dead  
How can we let this be in their country they must be free when will  
Segregation end when will the masses be free again I can't conceive of this injustice I can't believe it's going on  
white man's  
Law is held supreme black man have no rights at all  
How can we let this be in their country they must be free when will  
Segregation end when will the masses be free again In this age let's have harmony all people can be free this  
injustice must  
Now end the masses will be free again  
How can we let this be in their country they must be free when will  
Segregation end when will the masses be free again
