Girl Come Running

The Four Seasons

Girl come running
Girl come running
Girl come running home.When you get tired of running around
(Running around all over town)
All of your friends putting you down
(putting you down all over town)
Don't do your crying alone
(ohh woah woah)
Well baby girl come running home.Someday you'll be feeling so low
(lower then low, nowhere to go)
Why don't you call on me girl, that's when I'll show
(I love you so, I love you so)
Don't do your crying alone
(ohhh woah woah)
Hey baby girl come running home.Was it so bad girl?
Just think of what we had
I need you so ohhh ohhh
Don't ever go ohhh ohhhYou're gonna get to feeling so blue
(bluer than blue, baby it's true)
And don't you forget that I'm feeling it too
(bluer than blue, baby it's true)
Well don't do your crying alone
(ohhh woah woah)
Woah baby girl come running
girl come running
girl come running home.Come on baby come on baby
Come on baby come on baby
Come on baby come on baby
Come on baby come on baby.
