

# Soldier On

## Kurt Carr & The Kurt Carr Singers

To every christian soldier who's ever gotten weary from the battle of life, let me remind you that Jesus is your captain  
and because he is your captain you cannot fail, you can't retreat, you can't give up, your assignment is not over, God's got work for you to do so soldier on  
Soldier on When it seems like you're losing and the battle's not worth fighting  
You must carry on, carry on  
(Remember) Failure's not an option  
When Jesus is your captain  
Soldier, you can't retreat  
You must soldier on (Some soldier listening to me is experiencing the agony of heartache) Soldier on (Sometimes the people you trust, they are the ones that hurt you the most) Someone you trust in betrayed you so  
It seems the pain will never go  
But you must carry on (you gotta carry on) carry on  
(But you gotta find the strength to get up, come out of that depression)  
You'll overcome, you'll be alright  
If you can just endure the night  
Soldier you can't retreat  
You must soldier on Soldier on You lost your loved one and it hurts you  
Don't let the pain and grief destroy you  
But you must carry on, carry on  
You'll see the one you love again on the other side in Heaven Soldier you can't retreat  
You must soldier on I know you must get tired, I know you must get weary  
But you've fought too long and hard to forfeit your victory  
I know you must get tired and so weary  
Just don't ever give up even though you get tired  
Ask your father for courage  
and square your shoulders faithful Soldier the battle's not over  
Square your shoulder and Soldier on  
You can't retreat, you must soldier on  
With God on your side, you will never fail oh... With God on your side, the victory will prevail  
Soldier, the battle's not over  
You can't retreat, you must soldier on Soldier on You'll overcome, put your faith in God Soldier on You'll overcome, put your faith in God Soldier on You'll overcome, put your faith in God Soldier on You'll overcome, put your faith in God  
Soldier the battle's not over  
Square your shoulders and soldier on  
You can't retreat, you must soldier on  
You'll overcome but you must soldier on
