# Counting Stars

## [Sugarcult](#)

Hey, I wanna crawl out of my skin
Apologize for all my sins
All the things I should have said to you
Hey, I can't make it go away
Over and over in my brain again
All the things I should have said to you[Chorus]
Counting stars wishing I was okay
Crashing down was my biggest mistake
I never ever ever meant to hurt you
I only did what I had to
Counting stars againHey, I'll take this day by day by day
Under the covers I'm okay I guess
Lost assure that I feel small[Chorus]Counting stars again
Counting stars again
Counting stars again
Counting stars again
Counting stars again
