

# Yeah Ya Know

T.I.

Damn, has it been that long?  
Say, what happened since I been gone, homie?  
Y'all got the game all wrong, man, it's too pretty in here  
Let's say we take it back to the trap one time I went from rolling wit' them rocks on the block  
To controlling my position at the top of every chart and I will not stop  
But we rock and we roll  
And you stop, and we don't, and we don't Yeah you know, yeah you know  
Yeah you know, yeah you know  
Yeah you know, yeah you know  
Yeah you know, you know, you know Girl, we rock and we roll  
And you stop and we go, we go, we go In the middle of a fight, I'm so cool  
Everybody want it hot, I go through  
All of this half of which woulda broke you  
Came out smelling like a rose even more true Worldwide, bi-coastal, global  
Niggas I respect miss it more or go postal  
'Cause I ain't got it down mean that they know too  
You know Bankhead ain't raise no fools You know we never not goin' all in  
Kickin' doors over just to let my dogs in  
So many rides, never catch a nigga walkin'  
In a G5 tryin' to fit a bunch of broads in Then we landin', laughin'  
Chicks with fantastic asses  
Extravagant habitats  
As if you never seen tragic happen Make magic happen with cash, I'm actually catchin' magic  
In the market for lavish mansions and NBA expansions  
I was passin' out Phantoms in '04 so no, dope ain't mean shit to me  
Way past expect to see but it even had a head as big as a nigga finna to be I went from rolling wit' them rocks on  
the block  
To controlling my position at the top of every chart and I will not stop  
But we rock and we roll  
And you stop, and we don't, and we don't Yeah you know, yeah you know  
Yeah you know, yeah you know  
Yeah you know, yeah you know  
Yeah you know, you know, you know Girl, we rock and we roll  
And you stop and we go, we go, we go So fly, why would I wanna land for?  
Everything you could ask for and more  
Your choice, you could either be a fan boy  
Hate to see a nigga get a hundred grand for it Bein' a motherfuckin' man, won't stand for  
The rap war's always goin' back and forth  
Livin' in the blood killing like cancer

But when arraigned in a court, that's for damn sure  
In France, bonjour, merci, oui  
The same people on tour, on TV  
They signed him, shoulda kept your receipt  
Got a refund 'cause you sure can't see me  
Who keeps CD's on repeat?  
Stuck in MP3's for 3 weeks  
At the gates on the day, I was released  
The only time you will ever see me free  
Big money J, much as you can get for me  
Atlantic records say just make another hit for me  
I tell 'em, cut a hundred million dollar check for me  
Like it or not, don't lose no respect for me  
Never mind what I did 'cause the best comin'  
I'm the King in a game like chess to me  
So put the cash in the bag  
Give the rest to me, tell the pilot to put gas in the jet  
I went from rolling wit' them rocks on the block  
To controlling my position at the top of every chart and I will not stop  
But we rock and we roll  
And you stop, and we don't, and we don't  
Yeah you know, yeah you know  
Yeah you know, yeah you know  
Yeah you know, yeah you know  
Yeah you know, you know, you know  
Girl, we rock and we roll  
And you stop and we go, we go, we go  
I got a new swag and it's a new day  
Here we go again too, what it do J?  
Give you a call, I'm the one who used to move yaya'  
Now I gotta new Audemar with a blue face  
Hoppin' up in G4 jet no suitcase  
Whole new wardrobe in a new place  
Chain close if a stain if a stain on my shoelace  
T.I. roll like sushi, touch  
If ya can't lay back, who the hell am I?  
Bringin' homicide to the gang, no alibi  
Can't tell a lie to the judge, I'm guilty  
Your Honor, do you mind the guy tried to kill me?  
I could still be in a trap now  
AK 'round, little yaya' 'round  
100K downstairs by the tre pound  
But if they wonderin' who runnin' the A  
Yeah you know, yeah you know  
Yeah you know, yeah you know  
Yeah you know, yeah you know  
Yeah you know, you know, you know  
Girl we rock and we roll  
And you stop and we go, and we blow  
Sayin' you roll and we rock  
In control we don't stop  
We gon' blow where we drop  
Let you know we on top  
Girl, we rock and we roll  
And you stop and we go and we go  
Sayin' you roll and we rock  
In control we don't stop  
We gon' blow where we drop  
Let you know we on top  
Girl, we rock and we roll  
And you stop and we go and we go
