

Take You Back (Rocky Balboa)

[**Frank Stallone**](#)

Take you back
do do do do
take you back
take you back
do do do do
take you back
i don't know why i should even try
to take you back
take you back in my life
you say there's a reason
that you can't live without my lovePush me back
you push me just too far
you never stop
you are what you are
you lie and you hurt me
when you do the things you doNow the nights are forever
all the low lie together
no one else will it matter
theres nothin you can say or do
change my mind of you with you...Don't put me down no more
heres walkin out the door
you know that i love you
but i can't be a fool no more....
i need someone in my life...
