Feedback

Hard Rock Sofa & Swanky Tunes

Light skin, dark skin, my Asian persuasion
I got them all, that's why these girls out here hatin?
?Cause I'm sexy
Do you like my style?
Yeah that's sexy sexy sexy
Like I rock it down
Yeah that's sexy sexy sexy
You can work me out
Yeah that's sexy sexy sexy
Let me show you how
Yeah that's sexy sexy sexy
So here's my demonstration, a peep show
Tonight my body's and exhibition baby
Though it's on display don't be scared to touch it, it said so
So come and get it babe
Strum me like a guitar, blow out my amplifier
When you hear some feedback keep going take it higher
Crank it up give it to me, come on
Crank it up give it to me, come on
I'm gonna feedback feedback, oh
Feedback feedback, oh
Crank it up give it to me, come on
Crank it up give it to me, come on
I'm gonna feedback feedback, oh
Feedback feedback, oh
Light skin, dark skin, my Asian persuasion
I got them all, that's why these girls out here hatin?
?Cause I'm sexy
Do you like my style?
Yeah that's sexy sexy sexy
Like I rock it down
Yeah that's sexy sexy sexy
You can work me out
Yeah that's sexy sexy sexy
Let me show you how
Yeah that's sexy sexy sexy
Before we go anymore further
Let me put you up on a secret babe
I got novelties so appeasing

Feed my fetish please, satisfy me babe
Strum me like a guitar, blow out my amplifier
When you hear some feedback keep going take it higher
Crank it up give it to me, come on
Crank it up give it to me, come on
I'm gonna feedback feedback, oh
Feedback feedback, oh
Crank it up give it to me, come on
Crank it up give it to me, come on
I'm gonna feedback feedback, oh
Feedback feedback, oh
You like it how I work my spine
Got you feeling all hypnotized, hypnotized
I gotta body like a CL5
Make a ***** wanna test drive but I'm so on fire
Flyer than a pelican find another chick better than I don't see her
'Cause my swag is serious
Something heavy like a first day period, so
Strum me like a guitar, blow out my amplifier
When you hear some feedback keep going take it higher
Crank it up give it to me, come on
Crank it up give it to me, come on
I'm gonna feedback feedback, oh
Feedback feedback, oh
Strum me like a guitar, blow out my amplifier
When you hear some feedback keep going take it higher
Crank it up give it to me, come on
Crank it up give it to me, come on
I'm gonna feedback feedback, oh
Feedback feedback, oh
Crank it up give it to me, come on
Crank it up give it to me, come on
I'm gonna feedback feedback, oh
Feedback feedback, oh
