

# Swim to You

## Dotan

driftin' away from the shore, into the open sea  
I'll sleep on the ocean tonight, with the moon at my feet  
carving your name with my hand, in the black oak tree  
eh eh eh eheh  
oh oh oh ohoh  
a king without kingdom or throne  
now where'd it go  
conquering islands of hope all alone  
eyes wide open and shouting them closed  
all you see is your ghost  
oh oh oh ohoh  
grows by the size of the rain  
coming back again  
ongoing memories fade  
old pictures remain  
speak slowly to me my dear  
and I'll swim to you  
to you  
oh oh oh ohoh  
to you  
oh oh oh ohoh
