## Keyshia Cole

Diamonds ain't gon' last so long  
The good good started feel wrong  
I can't believe it ended so fast  
We're endin' this way Tell me  
You been doin' me so wrong  
And I been puttin' up waitin' fo' so long  
The minute I say I'm leavin'  
You wanna try to get me all of these fancy things But baby  
Diamonds ain't gon' work this time  
Money ain't gon' help, oh no no, no  
And the good dick just don't feel the same  
It's such a shame (such a shame)  
We're endin' this way I'm tellin' you  
Tyou can go  
'Cause I ain't puttin' up wid it no mo'  
Yeah  
I try to stay and work it out  
But you don't really wanna be here no more  
(I'm on that new shit) Diamonds ain't gon' work this time  
Money ain't gon' help, oh no no, no  
And the good dick just don't feel the same  
It's such a shame  
We're endin' this way I know you get cause, you're seein' another  
There's no more love, it's no more us (we're endin' this way)  
Oh and I know ya got hoes, you're ballin', it's easy  
But please believe it's nothing to me, okay Diamonds ain't gon' work this time (oh diamonds ain't gon work oh)  
Money ain't gon' help, oh no no, no  
And the good dick just don't feel the same  
It's such a shame  
We're endin' this way  
But why we gotta end this way Diamonds ain't gon' last so long (I'm on that new shit)  
The good good started feel wrong (I'm on that new new)  
I can't believe it ended so fast (I'm on that new shit)  
We're endin' this way
