[Verse 1: Ben J.]So What You saying is my ego's to big

to admit that I messed up

Man why you always tripping?

Fuck it I messed up

I'm sorry (I messed up)

Nah scratch that I meant it

I'm tired of this lying,

this cheating, crying

The difference

What you tryna make?

And I cant be mad at that

I was blind to the fact

that you always had my back

And i noticed that after i saw you crying

The old me is dead now have a moment of silence.

[Chorus: O.N.E.]We fuss,

we fight,

We cry,

And I ain't trying to hurt you no more

We fight,

we cry,

And I ain't trying to hurt you no more

No more, No more

And I ain't tryna hurt you no more

No more, No more

Girl I ain't trying to hurt you no more.

[Verse 2:Legacy]It kinda

sorta

somewhat

seem like every single night
Your an inch closer to leaving
After every single fight
I keep screaming what I'm thinking
With out ever thinking twice
'Bout the reason why I argue
When I barely think I'm right
She always mentioning
How she so sick of my inconsiderence
Like Christmas when I dissed her then

I kicked it with a different chick
I pictured it
This situation which I loose it
Apologizes is to repetitive
I'm a just prove it.

[Chorus: O.N.E.]We fuss,
we fight,
We cry,

And I ain't trying to hurt you no more
We fight,
we cry,

And I ain't trying to hurt you no more
No more, No more
And I ain't trying to hurt you no more
No more, No more

Girl I ain't trying to hurt you no more.
[Hook: O.N.E.]I ain't trynna hurt you
I just wanna love you girl

You get bad sometimes but you still my baby
Why you wanna walk out the door

And give up everything that we've been fighting for? See I promise this time I'm a change girl.

No more lies, no more cheating, no more games girl

I'm just trynna be the one for you
and I'm doing this all for you
Give me one more chance

Let me be the man
I could be the one you need
I don't know what I'd do?
with out you girl I'm incomplete.

[Chorus: O.N.E.]We fuss,
we fight,
We cry, (We cry)

And I ain't trying to hurt you no more
(See I ain't trying to hurt you baby)

We fight, (No)
We cry, (We cry)
And I ain't trying to hurt you no more
No more, No more (Give me one more chance)
And I ain't trying to hurt you no more
No more, no more
Girl I ain't trying to hurt you no more.
[Outro: Legacy]Aye
