

# Don't Wanna Ride Without You

Angie Stone

I'd rather be lonely and in pain  
Then be surrounded by my enemy with joy to gain  
I'd rather be rich in spirit than poor in fame  
I'd take a one way ticket to anywhere  
Just to regainTo me it would be the hardest thing  
To lose out on every single dream  
'cause I'm without you  
Don't wanna ride without you  
Don't wanna ride without youI'd rather feel bad inside and cry alone  
Then to be placed up high and praised upon a thrown  
See I'm only human, by nature I'm free  
The wounded shall heal by heaven's hands naturallyTo me it would be the hardest thing  
To lose out on everything I've dreamed  
'cause I'm without you  
Dont wanna ride without you  
Don't wanna ride without youDon't wanna ride without you  
Don't wanna ride without you  
Don't wanna ride without you  
Don't wanna ride without youDon't wanna ride without you  
Don't wanna ride without you  
Don't wanna ride without you  
Don't wanna ride without youTo me it would be the damndest thing  
To lose out on every single dream  
'cause I'm without you  
Don't wanna ride without you  
Don't wanna ride without youOh, I'm slippin from my goal  
But I don't give a damn  
'cause I believe I'm free, yeahTo me it would be the damndest thing  
To lose out on every single dream  
'cause I'm without you  
Don't wanna ride without you  
Don't wanna ride without youTo me it would be the hardest thing  
To lose out on everything I've dreamed  
'cause I'm without you  
Dont wanna ride without you  
Don't wanna ride without youTo me it would be the hardest thing  
To give up on every single dream  
'cause I'm without you  
Don't wanna ride without you

Don't wanna ride without you To me it would be the hardest thing  
To give up on every single dream  
'cause I'm without you  
Don't wanna ride without you  
Don't wanna ride without you Don't wanna ride without you  
Don't wanna ride without you  
Don't wanna ride without you  
Don't wanna ride without you
